

ELITE PROFESSIONAL TENNIS STAFF

Elite Team Tennis Teaching offers multiple Pros in each class.

All junior lessons are carefully designed with the player's physical coordination, attention span, and interest level in mind. Our junior program focuses on basic athletic skills, as well as, developing important social attitudes. Adult lessons are not only designed to improve strokes and strategy but also help players stay fit and competitive for a lifetime enjoyment of the game. Our seasoned professional tennis team guarantees consistency, excellence and the area's most positive instruction.

Our top-rated Elite tennis program has combined the tennis programs at our North Shore & Mequon Elite locations to create an even better program that can only be described as, well... "Elite".

As part of this exciting new program, current North Shore Elite Tennis Pro Randy Haws will become Director of Tennis at Mequon Elite. Jon Calvillo will remain Director of Tennis at North Shore Elite.
